## Introduction

DoH and WHO welcomed all health sector organizations and the representatives of the Department of Health for attending the meeting.

DDPH welcomed WHO new Team Leader Dr. Azret Kalmykov to health cluster meeting and hoped that cluster will benefit from his vast experience and the declining pattern of partners from cluster will gradually become up. DDPH emphasized upon joint efforts to combat the new emergency of IDPs from Bara Tehsil to Jalojai IDP camp.

### 1. Update by WHO on Health Information Management and Coordination

- WHO shared the 4W matrix, Health Sector Field Directory, Health Cluster Contact list and distribution of health sector organizations in KP and FATA with cluster partners and informed that these files were previously shared with organizations to fill in their information but few of them responded. WHO will re-circulate the files again with request to partners to update the following files with their latest information so it can be well compiled in time before next cluster meeting. (Already shared). The overall objective of these files is to make this publication content rich and informative about our field activities. The Field Directory will be made available on line and distributed to all interested parties, including donor community.
- WHO also highlighted that they are regularly sharing information with organizations and expect same from health cluster partners as well it was requested to partners to share their reports on capacity building, assessment conducted or any other informative document with WHO on regular basis.

### 2. Update on Health care situation in IDP hosting districts

- WHO shared the new influx of IDPs situation in Jalojai IDP Camp and said that a significant change since 17-03-12 resulting in displacement of people from Bara agency. An influx of displaced population of more than 8000 families to Jalojai IDP camp district Nowshera. More than 8000 families have been listed so far over three days. Influx will continue. FDMA has informed that a large displacement of people of more than 15000 families (in addition to the 18000 (8000+10000) already displaced since 20-01-12). 17000 families have been already listed till today. The registered population reached 16229 (out of which 8087 are in the Camp) while 8142 outside the Camp (No Tent option). The expected total caseload of Bara Sub Division will grow to 33000+, about 50% of this caseload are expected to opt for staying in the camp. Jalojai in camp population will grow to more than 17000 families. Request all partners for support and provision of relief and assistance. Accommodation of IDPs in Phase-7 started and pitching tents in Phase-8.
- DDPH informed that in a day or two a joint visit will be planned to analyze the latest health situation inside the camp.

- As the influx is huge so there is need of new health facility, for the said purpose a meeting will be called of existing partners working in the Jalozai IDP camp and WHO, UNICEF, DOH to decide the partner who can best run the new health facility and to decide how many more health post are required to be established.
- AD EPI was requested to arrange the measles vaccines for the mass campaign for the new IDPs in Jalozai IDP camp. AD EPI requested to share micro plan so that that can do vaccine arrangement accordingly.
- It was highlighted that DoH Nowshera has shifted the two EPI technicians of CAMP organization from their health facility to EPI registration point 2 in Jalozai IDP camp. CAMP informed that this is hampering their routine vaccination and requested DDPH to take up the matter with EDO-H Nowshera to solve this problem. DDPH, UNICEF and WHO will jointly visit district Nowshera will take up the matter with district authorities.

### 3. **Update of Appeal documents**

- WHO shared the appeal documents of CERF for (IDP hosting districts) with health cluster partners and informed that it's a standard document which has been completed and uploaded for the funding.
- WHO also shared the standard Humanitarian Operational Plan 2012 with health cluster partners.
- WHO shared the CERF appeal for new IDPs of Jalozai camp and informed that CERF appeal for the new influx of IDPs in Jalozai IDP will be launching on 22 March, 2012 in Islamabad.

### 4. **MCH / RH**

- UNICEF informed that they are going to start Mother and Child days week from 30th of this month in Jalozai IDP camp and Togh Sarai IDP camp. CERD being their IP in these camps will be the lead partner. Micro plan for measles campaign in Jalozai IDP camp is ready.
- UNFPA shared their RH and partners data. (**Presentation is attached**)

### 5. **Update by WHO on Reconstruction/rehabilitation of health facilities**

- WHO highlighted that they have completed the constructing of 4 warehouses in KPK and 3 in FATA are under construction. (DI Khan, Lower Dir, Karak, Bunir, FATA Mohmand, Khyber and Bajaur).
- WHO will also Rehabilitate and reconstruct 28 Health Facilities (20 in KPK and 8 in FATA). BOQs and drawing are completed. Tenders for commencement of construction work will be called soon.
- These facilities are RHC Chodwan DI Khan, BHU Nanser Buner , BHU Langow Buner, BHU Korya Buner, BHU Koga Buner, BHU Bagh Bunner, BHU Elai Buner, BHU Nagrai Buner, BHU Gabari Kohat, BHU Mir Ahmed Khel Kohat, BHU Shadi Khel Kohat, BHU Dar Tapi Kohat, BHU Muhammad Khawaja Hangu, BHU Shahoo Khyl Hangu, BHU Shina Wari Hangu, BHU Darband Hangu, BHU Mir Bazi DI Khan, BHU Mangal DI Khan, BHU Maryali DI Khan, CD Gara Muhabat DI Khan.
- **In FATA:** RHC/THQ Dogra Picket Khyber Agency, CHC/BHU Loysam Bajour Agency, CHC/BHU Malangi Bajour Agency, CHC/BHU Kotkai Charmang Bajour Agency, CHU/BHU Sultan Khel Khyber Agency, CHC/BHU Chamarkand Mohamand Agency, CHC/BHU Ghanam Shah Mohamand Agency, CHC/BHU Sheikh Baba Mohamand Agency.
- Essential and Specialized Medical Equipments were supplied to DHQs in flood affected districts (30 % of the total deliveries are completed).
- WHO requested partners that if they are renovating or rehabilitating health facilities in districts they can share their list.

### 6. **Assessments (Recommended for Further Use) WHO**

- WHO shared assessments standard forms of HeRAMS with health cluster partners. WHO elaborated that these are the standard forms partners can use these forms for conducting any assessment.
- WHO informed that they have completed HeRAMS assessment in 21 districts of KP and 3 agencies of FATA (In process)
- WHO shared the conducted assessment report of Rapid Needs in Jalozai camp and Pabbi Satellite Hospital with health cluster partners.
- WHO also shared the Rapid Needs Assessment of IDP hosting districts, conducted by WHO with partners.

### 7. **Abstract From Latest Protection Cluster Mission Report (Togh Sarai)**

- WHO shared the findings of the latest protection cluster mission report to Togh Sarai IDP camp requiring improvements in provision of health care services. NGO present in the camp will follow up and take necessary steps to ensure coordination and exchange of information with other clusters.

**Access to health facilities:**

- Camp families are able to access a Basic Health Unit (BHU) staffed by a male doctor 24 hours a day with an ambulance service available in times of emergency. Women highlighted their satisfaction with a vaccination scheme being implemented in the camp.
- However: here are no reproductive services available in the camp. Women are referred to government hospitals where, according to their reports, the facilities are already overburdened. Women stated that they mainly give birth in their tents. They described this experience as humiliating, risky and uncomfortable, lacking the privacy and relative comforts of home births in their areas of origin. Some IDPs expressed facing discrimination that prevented them from accessing government health care services. Women told they are frequently refused care at government health facilities on the (incorrect) grounds that they are Afghan refugees and not Pakistani citizens. These women – who are from an area between Parachinar in Kurram and the Afghan border – have a distinctive style of dress very similar to that of the Afghan Refugees and mostly lack civil documentation to prove their citizenship.

**8. Health cluster trainings / capacity building activities / social mobilization**

- WHO shared DEWS, EH, EM and Nutrition Updates with health cluster partners. **Presentation of each component is attached.**

**9. Partners Updates**

**MDM-F** is providing PHC, Nutrition and immunization services in district Kohat, Hangu and DI Khan.

**CDO Pakistan** is running ARI centers in district Manshera. One ARI center is closed on 13th March, 2012 while second one in Ghari Habib Ullah will be completed on 25th March, 2012.

**MSF-B** is running four projects in KPK, 3 Emergency health care services projects in Dargai, Timargara and Hangu by supporting government health facilities plus MSF woman hospital project in Peshawar, in which MSF is providing health care support to the antenatal, postnatal patients and complicated cases being referred from MSF selected BHUs as well as referral patients from Jalozei IDP Camp.

**Malteser International** providing PHC, MCH, Nutritional services in district Kohistan, Swat and Shangla with collaboration of DoH and WHO.

**Johannitter International** is running project on Integrated Health, Nutrition & WASH interventions for flood affected Areas in 3 BHUs of district Nowshera. These facilities are BHU Banda Malahan, BHU Dhag Behsud and BHU Wazir Garhi.

**CAMP** organization is providing services in Jalozei IDP camp and running another project in district Nowshera and Charsadda. They are also running ARI Center in district lower Dir.

**KKP** informed that they are FATA based organization providing livelihood services in Khyber agency of FATA. KKP is facilitating IDPs from Bara to Jalozei IDP camp.

**CHEF international** is providing services in district Charsadda. They are providing infrastructure facilities, renovation, Medicines, reproductive health and awareness services.

**IRC** is working in district Nowshera on Reproductive health. They are providing services in 43 health facilities of district Nowshera (32 BHUs, 3 Civil Hospital, 7 RHCs and 1 DHQ).

**Muslim AID** informed that currently they have no health project in KP.

**Friends of the Mind** providing services on mental health in district Peshawar.

**MIHO** providing outreach immunization services through their EPI technicians in district Upper and Lower Dir, Chitral and Swat. EPI Department DGHS office informed that they are regularly receiving data from MIHO.

**MERLIN** providing PHC, Nutrition, MCH services in district swat, Bunir and Jalozai IDP camp. While in district Lakki and Bannu they are providing services through malaria control program. They are expanding their project to 6 FR regions as well. They had a meeting with community elders of Jalozai IDP camp and they have agreed on to provide FP services. DDPH appreciated the services of Merlin.

**ICRC** is providing services in Upper Dir, Tank and Hangu. In Hangu they are providing services in BHU Shahu Khail and OPD services in Thall Hospital. In district Tank they are providing services in BHU Dabara and Kot Hakim and in Upper Dir they are providing services support of gynae, HR and medicines to DHQ. ICRC thanked UNFPA for their support of kits in district Tank.

**Save the Children** providing services in district Kohat and Dir.

**FLOWERS** providing services in district Charsadda and Nowshera. In district Charsadda they are providing MCH services. FLOWERS provided refresher training to 600 LHWs in both districts, 300 LHWs in Charsadda and 300 in Nowshera. They also provided one kit to each LHW. They will start awareness regarding dengue in both districts

## 10. Suggestions for next Meeting Fortnightly or Monthly

It was decided with mutual consent of all health partners that next health cluster meeting will be held fortnightly.

## 11. Closing

- DDPH directed partners to regularly attend health cluster meeting
- DDPH directed all partners to share information on regular basis with DoH( Heprkp@yahoo.com) and WHO (kalmykova@pak.emro.who.int).
- DDPH directed partners to start community mobilization and awareness regarding dengue prevention in their districts.
- Dr. Jasim from WHO was requested to share a presentation on dengue situation, plan and preparation in next health cluster meeting.
- Chair thanked all the participants for attending the meeting. .

## Action points:

- Organizations were requested to provide their inputs to WHO for completion of the Health Sector Field Directory: 4W, Health Sector Contact List and distribution of health sector organization per district in KP and FATA.
- Regular sharing of information from organizations to WHO about reports on capacity building, assessment conducted or any other informative document.
- DDPH will visit Jalozai IDP camp in a day along with WHO, UNICEF to analyze the latest health situation inside the camp.
- As the influx of IDPs in Jalozai camp is huge so there is need of new health facility, for the said purpose a meeting will be called of existing partners working in the Jalozai IDP camp and WHO, UNICEF, DOH to decide the partner who can best run the new health facility and to decide how many more health post are required to be established.
